

Help your child progress from wobbly first steps to confident walkers with improved posture, balance and co-ordination.

GET, SET, GO!

PURPOSE OF GAME:

Develop balance and co-ordination

HOW TO PLAY:

1. Adult lays out the helmet in front of the child next to the scooter
2. On the order of 'Get' the child picks up the helmet and puts it on
3. On the order of 'Set' the child gets onto their scooter
4. On the order of 'Go!' the child is to scoot across the room toward the waiting adult who congratulates them with a big hug!
